

GPP 2020 Webinar on low-carbon street lighting solutions

Tuesday, 23 February 2016, 11:00 – 12:30 (CET)

The GPP 2020 webinar aims to:

- become familiar with the impacts on humans and nature because of the light pollution
- explore and discuss steps to take in the pre-procurement phase (needs assessment, market engagement, etc)
- exchange experience about drafting GPP / low-carbon criteria (technical specifications and award criteria)
- talk about suitable means for contract management and monitoring
- discuss any challenges, barriers, opportunities and experiences made during a green tendering process.

We welcome the following speakers:

- Alenka Burja, Umanotera, Slovenia (Facilitator)
- Andrej Mohar, Dark - Sky Slovenia: Requirements for green lighting at night
- Jelena Kremenjas, UNDP Croatia: GPP 2020 tender for street lighting in Župa Dubrovačka
- Sabine Frank, Mathias Hahner, Andreas Hänel, Germany: Illumination on the Wasserkuppe/Rhön
